SCHEME OF SWINDLERS.

How Accident Insurance Companies Have Been Defrauded.

PHILADELPHIA, May 9 .- A gigantic scheme for the wholesale defrauding of accident insurance companies by means of bogus claims, has been unearthed by agents in this city and Pittsburg. Nearly every accident insurance company in the United State is involved, and the amount secured, while it cannot yet be definitely fixed, will run into many thousands besides which policies representing thousands more have been cancelled. Dr. Soupcoff, in Pittsburg. is said to have confessed that his claims were fraudulent and implicated two physicians and four other persons in this city It is charged that the ringleaders here are Louis K. Glassman, No. 729 South Fourth street, Alexander Loder, Samuel Loder and Dr. Abraham Hahn, of No. 961 South Fifth street. The method of the operators was to obtain a quarterly policy. In due time an accident of some character would be reported in the newspapers and a week or two later, the men would make a claim that one or more had been badly injured in it "Synovitus," an affection of the joints, produced by falls or sprains, seems to have been the favorite complaint. All the accident insurance companies of the country

have been notified and a number of arrests are expected in a day or two. Chickasaws Armed for War. BAD LUCK AT DETROIT.

Indianapolis Made More and Longer Hits, but Could Not Win.

Special to the Indianapolis Journal. DETROIT, May 9.-Detroit tried hard enough to throw to-day's game to Indianapolis, but the latter tried just a little harder to give it to Detroit, and was successful. The game was a pitchers' battle up to the sixth inning, Detroit having secured but four hits off Wittrock and Indianapolis the same off Gayle. Then the fielding became "ragged," and the game was a seesaw until the end.

Indianapolis scored one run in the third inning on Campau's error. Newell's hit and a fielder's choice. Detroit got two singles in the fifth, but a snappy double play prevented run-getting. The home team opened up on Wittrock in the sixth. Singles by Freeman, Campau, Dungan and Gillin and a couple of outs netted three earned runs. Indianapolis more than evened up in her half, however. Canavan lifted the ball over the fence for a double and Motz did the same. McFarland popped up an easy one, which Campau took care of. Gettinger popped one to short center, which Gillen and Campau both started for and let drop between them, Motz scoring. Then Roat singled. Wittrock hit a hard one at Campau, who ran away from it. Gettinger scoring, and Hogan's single scored Wittrock. A base on balls, a double, a single and a bad error by Newell gave the Detroits three runs in the seventh and placed them one ahead, but Motz evened matters up in the last half by a hard home-run drive over the fence. This was the visitors' last tally, although they had men on bases in the two succeeding innings. Detroit scored the winning run in the eighth on erfors by Roat and Newell and Newman's

hard single. Fisher was substitued for Wittrock in the eighth. Lohbeck hurt a flinger in the third inning and Yaik too his place behind the Vanderbeck is trying to secure one the Washington players, and is also trying to trade Freeman for one of Comiskey's players. The attendance to-day was 1,000.

SOUTHERN BAPTISTS.

Fruitless Attempt to Organize a Separate Young People's Union.

WASHINGTON, May 9.- The delegates to the Southern Baptist convention, the largest delegated ecclesiastical body in the world. which meets here to-morrow morning, are arriving in great numbers on every incoming train, and Dr. Lansing Burrows, of Augusta. Ga., secretary of the last convention, believes it will be the largest in the history of the organization. At the last convention, held at Dallas, Tex., 772 delegates were present. Between 1,000 and 1,200 are expected to be here to-morrow. The Young People's Society met to-day

to discuss the question of an affiliation

with the International Young People's

Union of the Baptist Church, a sort of denominational Christian ' endeavor union. which bears about the same relation to that nonsectarian society in the Baptist Church as does the Brotherhood of St. Andrew to the Episcopal. The First Baptist Church, in which the meeting was held, was thronged to the doors. The Rev. Carter Helm Jones, of Louisville, assisted by Rev. W. Landrum, of Richmond, conducted the devotional exercises. The Rev. P. H. Mell. of Alabama, was elected president of the meeting, and Rev. O. F. Gergory, of Mary-land, secretary, and then Rev. R. P. Pitt, of Richmond, editor of the Religious Herald, explained that the purpose of the meet-ing was the organization of a Southern young people's Baptist society, the member-ship to be limited to members of the Baptist Church living within the territory the Southern convention. He offered formal resolutions to this effect. The first difficulty to arise was the question of permitting ladies to vote, precipitated by Rev. J. R. Hawthorne, who moved to restrict the right of suffrage to delegates. A great many speeches were made about the proverbial galiantry of Southerners toward the fair sex, but eventually a compromise was effected by which the ladies were permitted to speak but not to vote. While the discussion of the Pitt resolutions was going on Rev. M. Eaton, of Louisville, created a sensation by moving to refer the whole matter of a young people's organization for a year. Speeches followed right and left amid so many demonstrations that the chair was authorized to suppress applause. What Rev. Eaton denominated the "lightning hash service" went on until almost 1 o'clock without any conclusion being reached, although the drift was for immediate action. Finally Dr. T. H. Kerfoot, of Louisville, moved to refer the resolution to a committee consisting of one member from each State. This was carried. At 3 o'clock, when the meeting reassem-bled, the committee brought in a compro-mise plan of organization. It was discussed

for over three hours, the delegates from the more Northerly States, as a rule, taking a strong stand against a distinctively young people's organization, on the ground that it would keep alive sectional feeling and be prejudicial to any movement in favor of the reunion of the Northern and Southern churches. The report was finally defeatedorganize a young people's union of the Southern Baptist Church.

The Education Society of the Baptist Church met this evening and discussed at great length the plans for the extension of the Columbian University, a Baptist in-stitution of this city. Dr. S. H. Green, Postmaster-general Wilson, Prof. Otis Mason, M. E. Ellis, of Baltimore, and President Whitman, of Colby University, all made enthusiastic speeches in favor of making Columbian University one of the greatest denominational universities of the coun try. It was estimated that \$1,000,000 would be required to carry out the idea for the extension of the university. The whole matter was finally referred to the executive committee, which alone has power to act.

OTIS STEEL COMPANY FAILS.

Receivers Appointed by a Big Concern Controlled by Englishmen. CLEVELAND, O., May 9,-On a motion filed by counsel for English stockholders Judge Stone, in Common Pleas Court, today, appointed Alvin Carl and Prestwood J. Benbow receivers for the Otis Steel Company of this city. Each of the receivers qualified in the sum of \$50,000. The works were sold in 1889 to English investors for \$4,500,000. They then showed an annual earning of over 10 per cent, on this sum. The company suffered heavily owing to the business depression and lost about \$500 .-000 during the past two years, and its working capital became exhausted, although the claims of the creditors other than its bondholders will not suffer. The stockholders in England met yesterday and passed resolutions to wind up the company and to re-organize with new capital. The bonds amount to \$1,500,000 and the stock to \$3,-000,000, all of which was paid for in cash at par.

The plaintiff in the suit is the Industrial and General Trust (limited), and the defendants are the Otis company, which was represented by Mr. Garfield; the Trustees' Corporation, of England, repesented by Ev-arts, Choate & Beaman, of New York, and the Mercantile Trust Company. There is to be no interruption in the business, as the order expressly requires it to be continued by the receivers. Judge Stone enjoined credtors from bringing attachment suits or evying on the property of the company or nterfering in any manner with the busness of the receivers. The latter were ordered to make a quarterly report to the court. A receiver has also been appointed The petition filed in court to-day by the English stockholders recites the organization of the Otis company in England on July 12, 1889. It was incorporated under acts of Parliament with an authorized and subscribed capital of £600,000. This stock was divided into sixty thousand shares of the each. Of this stock one-half of thirty thousand shares are cumulative or preferred stock and the other thirty thousand ordinary. The holders of the preferred stock were to be paid an annual dividend of per cent, before any dividends were paid to the holders of ordinary shares. The company will be reorganized within a short time with its present capital of \$4,500,000 increased to \$5,000,000. The Otis Steel Company is the largest establishment in the world for the manufacture of boiler plate steel and large government contracts for armor plates have been filled. The works when running full employ 1,200 men. Alvin Carl, one of the receivers, is the resident manager of the Cincinnati Breweries

Benbow, the other receiver, is the English representative at the steel works in this Fraud Alleged.

Company, limited, and President Wood J.

CLEVELAND, O., May 9 .- The Ohio-Colorado Mining and Milling Company passed into the hands of a receiver to-day. Chas. A. Radcliff brought an action against the concern in the United States Circuit Court and made some startling allegations. The company is capitalized at \$1.500,000, in shares of \$10 each. Radcliff said that up to Aug. 3, 1893, 4,033 shares of stock had been issued, and that the officers of the company issued to their friends without consideration 52,216 shares, out of sympathy for losses sustained by those who held shares in the Magna Charta Silver Mining and Tunnel Company. Judge Ricks enjoined the issue of further shares of stock and appointed M. B. Cary receiver, with a

Alabama Concern in Straits. BIRMINGHAM, Ala., May 9.-In the United States Court to-day a receiver was asked for the Alabama Iron and Steel Company, of Brierfield, Ala., one of the largest concerns in the South, on the ground that nterest on \$500,000 worth of bonds, issued Nov. 9, 1889, has been defaulted. The complainant is the Central Trust Company, of New York, representing the bondholders. Carrie S. Plumb, of Kansas, is made a codefendant. The company's property consists of real estate, blast furnaces, rolling mills, nail factory, mines, railroads and other property in Bibb county. Judge Bowman

ROBY CLOSED

GILLETT'S INJUNCTION SERVED AFTER YESTERDAY'S THIRD RACE.

Track Officials Promptly Obey the Order-Indignation Meeting of Employes-Other Races.

Special to the Indianapolis Journal. HAMMOND, Ind., May 9.-The following notice was posted on the blackboard in the betting room at the Roby race track this afternoon: "We have been enjoined from racing. We do not want to violate the law and will therefore suspend until the case is heard, which will be in a few days. We invite you to join us when we reo; This notice was posted about 4 o'clock

this afternoon and the two thousand people in attendance quietly dispersed. Sheriff Hayes and one deputy arrived at the track about 1 o'clock, but it was not until after three races had been run that he served the restraining order on the defendants that were at the track. He also had several warrants for the arrest of the bookmakers, but as none of them attempted to do any business, and as the persons who were to identify them could not point them out, he did not serve any warrants. The defendants to the injunction will appear before Judge Gillett at Crown Point tomorrow and ask for a hearing immediately. Manager Condon said that that would be done because there are several hundred horsemen at the track under a heavy expense, and that if the case was not decided before May 24 it would work a hardship on them; that these men were willing to remain there until that time, but if a permanent injunction is to be granted he would rather have it uone now than later on. He said that he was positive that Corrigan money is behind the case; that some of the parties who are interested in the prosecution or, as he termed pany with Brannock and Corrigan in Chicago a few days ago, and that Corrigan came to Hammond with them and consulted with attorneys. An indignation meeting of the employes

of the track who reside in this city was held to-night and sixty men were in at-The average wages of those who were there was about \$4 a day. A committee was the action taken by the instigators of the injunction proceedings, with orders to report at another meeting to be held Saturday night. Nothing since the strike last year has created so much excitement in this city. It is the topic of conversation, at all times. It is not known who Judge Gillett will call to hold the final hearing of the case, but it is certain that a change of venue will be asked for. The manage ment of the race track declares it will soon reopen. The three races to-day resulted as follows: First Race-Five furlongs. Toano first Satellite second, Barguard third. Time,

PRIZE FIGHT GOSSIP.

Corbett Does Not Expect to Meet Robert Fitzsimmons. CHICAGO, May 9 .- Regarding the report that he is to fight Peter Jackson, James J. Corbett said this afternoon: "I don't see one chance in a thousand of the Fitzsimmons fight coming off, now that the only two places that have allowed a fight to come off in the last three years have been knocked out. I would rather fight Jackson, who is acknowledged by the public and Fitzsimmons himself as the superior, and have always wanted to fight him, but he would fight nowhere but in London. I will take him on his own grounds at the National Sporting Club. The fight must come off, however, in September, as my time is valuable. I don't think the Fitzsimmons fight can be pulled off, and I don't propose to be chased over the country without a show of meeting him."

Corbett and Fitz May Go to Texas. Stuart, the wealthiest sporting man in Texas, to arrange to have the fight take place in Dallas. The details are partially completed and a definite decision will be reached before the week is ended. ## Nervousness

Is only another name for impure blood, for no person is weak and neryous whose blood is perfectly pure. When the blood is full of the germs of disease, and lacking in the red corpuscles which give it vitality, when it fails to properly nourish the organs and tissues of the body, what can you

expect but that tired feeling and nervousness? Of course Scrofula, Salt Rheum, Catarrh and Rheumatism are universaliv recognized as blood diseases, for which Hood's Sarsaparilla, as the best blood purifier, is everywhere

acknowled the greatest remedy. Therefore, as Hood's Sarsaparilla cures all blood diseases, it is the best remedy for that condition of the blood which causes Nervousness.

It is a false idea to think you are curing your nervousness when you are taking a preparation which only quiets your nerves! It is like trying to "drown" your sorrows in the flowing

bowl. They are sure to return. We wish to make most impressive, then, this truism:

You cannot purify your blood by DEADENING OF QUIETING YOUR nerves with opiate, narcotic or nerve compounds. If you take such articles you are only TRIFLING with your troubles. There is SURE to be a REAC-TION which will leave you worse than

you were before. Why nor then, take the true course, follow the bee-line to the state of health, purify your blood and cure your Nervousness by taking
